The picture above is the Connor House. The Connor House is a beautiful Victorian Farmhouse. It is very well taken care of by the people that live there now!

This house is the Connor House. The house was built in 1926. The address of The Connor house is 609 4th Avenue South-West Ruskin, Fl 33570.

The structure is an attractive home. There is a beautiful porch. The house was built for people to live in. The house was built as a personal residence for early

local farmers in Ruskin. The Connor house is a very nice house. It has a beautiful picket fence around the home. The fence is white. The porch poles are also white.

It is quite a nice neighborhood. It has other beautiful things on the porch. Now the house is being lived in. It is important to keep this livable and attractive because it is one of the old houses in Ruskin.

The Connor house is great! I went by it with my parents and I think it is beautiful. It has a hip roof. They have great horizontal siding.

The Connor house is old and it is also very beautiful. They use to call Victorian houses painted ladies. This is a Victorian farmhouse. It is historic.
